(Authorization to be given to the Board of Directors to carry out transactions on company shares)

The general meeting, ruling in accordance with the conditions of quorum and majority required for ordinary general meetings, having been made aware of the Board of Directors' report, authorizes the Board of Directors pursuant to the provisions of Articles L.225-209 and following of the Commercial Code, of the European Communities Commission regulation 2273/2003 of December 22, 2003, and of the market practices sanctioned by the Autorité des Marchés Financiers, to proceed with the purchase of its own shares, up to a maximum of 10% of the total number of shares of which the company's capital is composed, this percentage applying to an adjusted capital according to transactions affecting it subsequently to the date of this meeting, with a view to:

- stimulation of the market or the liquidity of the security, via the intermediary of an investment services provider acting with full independence, within the context of a liquidity contract pursuant to the ethics charter recognized by the Autorité des Marchés Financiers,
- the conservation and subsequent remittance of securities, in payment or in exchange, within the context of possible external growth operations, with the stipulation that the number of securities acquired to this effect may not exceed 5% of the securities of which the company's capital is composed,
- the coverage of marketable securities granting the right to the allocation of company shares through conversion, exercise, reimbursement or exchange,
- the coverage of stock option plans and/or any other form of share allocation to employees and/or legal representatives of the company and/or its group,
- the cancellation of shares acquired, subject to the adoption of a specific resolution by the extraordinary general meeting of shareholders.

When the shares are repurchased to favor the liquidity of the security, the number of shares taken into account for the calculation of the limit of 10% above corresponds to the number of purchased shares deduction made of the number of shares resold during the duration of the present authorization.

The number of shares which the company may hold, directly or indirectly, at whatever time, may not exceed 10% of the company's capital, this percentage applying to an adjusted capital according to transactions affecting it subsequent to the date of this meeting.

The maximum purchase price per share is set at €5, representing, for the purposes of illustration based on the number of shares of which the company's capital was composed on February 28, 2015, a maximum purchase amount of €7,502,365.00.

The acquisition, disposal or transfer of shares may be carried out via all methods, in one or more times, on the market or via a private treaty, including by transactions on blocks of securities (without a volume limit), and in compliance with applicable regulations.

These transactions may take place at any time, including during a public offering period targeting the company, subject to the abstention periods stipulated in legal and regulatory provisions.

The meeting grants all powers to the Board of Directors, with subdelegation of authority according to the conditions set by law, in order to carry out this share buyback program, conclude any agreements, submit any orders, carry out any appropriation or reappropriation of the shares acquired, pursuant to applicable legal and regulatory provisions, all required formalities and declarations and, generally, to accomplish whatever may be required.

This priority period would not result in the creation of negotiable rights but could, should the Board of Directors deem it appropriate, be exercised with respect to exact rights or excess shares;

5) Decides that if subscriptions, including if need be those by shareholders, have not absorbed the capital increase in full, the Board of Directors may use one and/or the other of the following authorizations, according to the conditions prescribed by law and in the order determined by the Board of Directors:

- at fifteen (15) million euros the maximum total nominal amount of debt securities giving access to company equity securities which may be issued by virtue of the eighth, ninth and tenth resolutions of this meeting.

EIGHTEENTH RESOLUTION

(Harmonization of the article 14 of the bylaws relating to shareholder's general meetings)

The general meeting, ruling in accordance with the conditions of quorum and majority required for extraordinary general meetings, having been made aware of the Board of Directors' report, decides to harmonize the bylaws of the company with the decree 2014-1466 of December 8, 2014 which amended the date and settlement criteria for the list of persons entitled to attend a general meeting and to amend as a consequence the last paragraph of Article 14 of the bylaws as follows, the rest of said article remains unchanged :

NINETEENTH RESOLUTION

(Fulfillment of the legal formalities consecutive to the extraordinary general meeting)

The general meeting, ruling in accordance with the conditions of quorum and majority required for extraordinary general meetings, grants all powers to the bearer of an original, copy or extract of this meeting's minutes to fulfill all legal formalities.

3. BOARD OF DIRECTORS' REPORT TO THE COMBINED GENERAL MEETING

Ladies and gentlemen,

We have summoned you to a combined general meeting in order to submit for your approval the December 31, 2014 year-end financial statements, and to ask you to rule on resolutions which involve the granting of authorizations or delegations of authority or powers to your Board of Directors.

The first four resolutions submitted to you involve the December 31, 2014 year-end financial statements, and in particular:

- approval of the financial and consolidated financial statements drafted at this date;
- appropriation of the fiscal year's net result showing a profit of €1,082,723.41, which we propose assigning to the retained losses account;
- approval of the regulated agreements entered into during the fiscal year ended December 31, 2014, which were subject to prior authorization by your Board of Directors.

The fifth resolution submitted for your consideration would allow your Board of Directors to carry out transactions on the stock market on company shares with a view to stimulation of the market or liquidity of the security via an investment services provider, working independently, as part of a liquidity contract in accordance with the professional ethics charter recognized by the Autorité des Marchés Financiers.

Moreover, your Board would also like the ability to carry out transactions on the stock market on company shares with a view to:

- the conservation and subsequent remittance of securities, in payment or by exchange, as part of possible external growth operations; with the stipulation that the number of securities acquired to this effect may not exceed 5% of the securities composing the company's capital;
- coverage for marketable securities granting the holder the right to the allocation of company shares, through conversion, exercise, reimbursement or exchange;
- coverage of stock option plans and/or of any other form of share allocation for personnel and/or legal representative Directors of the company and/or its group;
- the cancellation of shares acquired, subject to the adoption of a specific resolution by attendees of an extraordinary general meeting of shareholders.

Your Board would be able to proceed with the purchase of company shares up to a limit of 10% of the number of shares of which the company's capital is composed at any given time.

The maximum purchase price per share would be set at €5. Based on the number of shares of which capital was composed on February 28, 2015, this represents a maximum purchase amount of €7,502,365.

The acquisition, disposal or transfer of shares may be carried out at any time, one or more times, via all methods, on the market or over-the-counter, including by way of transactions on blocks of securities (without volume limitation), in accordance with applicable legal and regulatory provisions.

This authorization would be granted to your Board of Directors for a period of eighteen (18) months as of the date of this meeting; with the stipulation that your Board would have all powers to decide upon its implementation.

By the sixth resolution, we ask that you grant powers to any person bearing an original, copy or extract of this meeting's minutes with a view to fulfilling all formalities relating to the adoption or non-adoption of the resolutions within the ordinary general meeting's remit.

The seventh resolution proposed for your consideration would allow your Board, should it be deemed necessary, to reduce the company's capital via the cancellation of shares which the company holds or may hold following buybacks carried out within the context of a share buyback program submitted to you in resolution five, and/or as part of previously authorized programs; with the stipulation that your Board of Directors could not cancel more than 10% of the number of shares composing the company's capital, by periods of twenty-four (24) months.

This authorization would allow your Board to set the terms of the capital reduction via cancellation of shares, certify its completion, allocate the difference between the book value of the canceled shares and their nominal value on all available reserve and premium accounts and proceed with corresponding modifications to the bylaws.

The authorization would be granted to your Board of Directors for a period of eighteen (18) months as of the date of this meeting.

By the eighth, ninth and tenth resolutions, we ask you to grant delegations of authority to your Board of Directors to decide upon, should it be deemed appropriate, the issues:

- of ordinary company shares;
- of equity securities giving the holder access, whether immediately or in the future, to other of the company's equity securities or giving the holder the right to the allocation of debt securities;
- of marketable securities giving the holder access to equity securities of the company to be issued.

Your Board of Directors does not have any immediate plans in this regard, but wishes to be able to avail itself of these delegations of authority so as to be able to, for example, increase the company's capital should this prove necessary, to accompany the development of the Guillemot Corporation Group's activities or in order to improve its financial standing. These types of delegations of authority would allow your Board to proceed with these issues, with increased flexibility, and would give the company better control over the timeframe for carrying out these possible issues.

We therefore propose granting your Board delegations of authority with regard to deciding upon, should it be deemed appropriate, one or more issues:

- with conservation of preferential subscription rights, either free of charge or for a fee, and in the latter case, within the limit of a maximum nominal capital increase amount of eight (8) million euros (eighth resolution);
- with removal of preferential subscription rights, by way of public offering, within the limit of a maximum nominal capital increase amount of eight (8) million euros, with the stipulation that your Board would have the ability to determine whether or not to stipulate a subscription priority period in favor of shareholders (ninth resolution); and/or
- with removal of preferential subscription rights, in particular by way of private investment benefiting qualified investors or a restricted group of investors, within the limit of 20% of the company's capital per year, and within the limit of a maximum nominal capital increase amount of eight (8) million euros (tenth resolution).

The overall ceiling of capital increases which may be carried out by virtue of the eighth, ninth and tenth resolutions, whether immediately and/or in the future, could not exceed a nominal amount of eight (8) million euros; an amount to which shall be added, if need be, the nominal amount of additional shares to be issued in order to preserve the holders of rights attached to the securities and marketable securities granting access to the company's capital.

The total nominal amount of debt securities granting access to equity securities which may be issued by virtue of the eighth, ninth and tenth resolutions may not exceed fifteen (15) million euros.

With regard to the issues with preservation of preferential subscription rights which may be decided upon within the context of the delegation which is the subject of the eighth resolution, we ask you to grant your Board the ability to confer a reducible preferential subscription right to the benefit of shareholders subscribing to a number of shares greater than that which they may subscribe to in a preferred manner, in proportion to the subscription rights to which they are entitled, and in any event, within the limit of their requests. In the event whereby irreducible-right subscriptions and, if need be, reducible-right subscriptions have not absorbed the capital increase in full, the Board of Directors could have recourse to the following options, or some of these options, in the order that it shall determine:

- limiting the amount of the capital increase to the amount of subscriptions, so long as the latter attains at least three-quarters of the capital increase decided upon;
- freely distributing all or a portion of the shares, equity securities and marketable securities not subscribed to;
- offering to the public all or a portion of the shares, equity securities and marketable securities not subscribed to.

With regard to the capital increases with removal of preferential subscription rights which are the subject of the ninth and tenth resolutions, in the event whereby subscriptions have not absorbed the capital increase in full, the Board of Directors would have recourse to the following options, or one of these options, in the order that it shall determine:

- limiting the amount of the capital increase to the amount of subscriptions, so long as the latter attains at least three-quarters of the capital increase decided upon;
- freely distributing all or a portion of the shares, equity securities and marketable securities not subscribed to.

In the event of issues without preferential subscription rights, the issue price shall be set and determined pursuant to the terms of Article L.225-136 of the Commercial Code, which is to say that it shall be at least equal to the weighted average of the trading prices on the last three (3) trading days preceding the issue price being set, possibly reduced by a maximum reduction of 5%.

These eighth, ninth and tenth resolutions involve granting to your Board the greatest flexibility of action in acting in the company's interest. Your Board would have the ability to opt for the most favorable issue types and terms, given the wide variety of marketable securities and constantly evolving stock markets.

Within the limits of the delegations which are the subject of the eighth, ninth and tenth resolutions which would be granted by your meeting for a period of twenty-six (26) months, the Board would have recourse to the powers required to set the issue terms, certify the completion of the resulting capital increases and proceed with corresponding modifications to the bylaws.

The eleventh resolution submitted for your consideration consists of authorizing your Board of Directors to set, up to a limit of 10% of the company's capital per year, the issue price of the equity securities which may be issued by virtue of the delegations of authority which would be granted to your Board as per the ninth and tenth resolutions.

The issue price would be at least equal to the weighted average of the trading prices on the last three (3) trading days preceding the issue price being set, possibly reduced by a maximum reduction of 10%.

This authorization would be granted to your Board for a period of twenty-six (26) months from the date of this meeting.

By the twelfth resolution, we propose granting to your Board of Directors an authorization to increase the amount of the issues which may be decided upon by virtue of the eighth, ninth and tenth resolutions, in the event of excess demand.

The number of securities could thereby be increased within thirty (30) days of the subscription ending, up to a limit of 15% of the initial issue and at the same price as that used for the initial issue.

This authorization would be granted to your Board for a period of twenty-six (26) months from the date of this meeting.

The thirteenth resolution submitted for your consideration consists of granting your Board of Directors all powers in order to proceed with capital increases, up to a limit of 10% of capital, with a view to remunerating contributions in kind which could be granted to the company and composed of equity securities or marketable securities granting access to capital.

Your Board of Directors does not have any immediate plans in this regard, but this resolution would give the Board all powers to set the terms of issue; certify the list of equity securities or marketable securities submitted; set the type and number of shares or other securities to be issued in remuneration for contributions, as well as their characteristics and terms of issue; deliberate upon the valuation of contributions; certify the completion of the capital increase and proceed with corresponding modifications to the bylaws; and, more generally, proceed with all formalities and declarations and request all authorizations required for the successful completion of these contributions.

This authorization would entail the renunciation of shareholders, to the benefit of holders of the securities subject to contributions in kind, of their preferential subscription right to the equity securities issued by the company in remuneration for these contributions in kind, and would be granted for a period of twenty-six (26) months as of the date of this meeting.

The fourteenth resolution submitted for your consideration aims to authorize your Board to grant, should it be deemed appropriate, stock options to salaried employees and/or legal representative Directors of the company and/or of related companies, or to certain of these individuals, in order to better integrate them into the company's future and increase their loyalty.

This authorization, which your Board of Directors would be able to use one or more times, would be granted for a period of thirty-eight (38) months from the date of this meeting. It would entail, to the benefit of option beneficiaries, the express renunciation of shareholders of their preferential subscription right to shares to be issued as options are exercised.

The subscription options would give the holders the right to subscribe to new shares to be issued with a view to increasing the company's capital, up to a limit of an overall nominal amount of €600,000; or, for the purposes of illustration, 5.20% of the number of shares of which the company's capital was composed as of the date of this report.

The subscription price would be determined by your Board on the day on which the options are granted. It may not be less than 80% of the average of the trading prices on the twenty (20) trading days preceding the date on which the stock options are granted.

The period during which the options must be exercised may not exceed ten (10) years from the date on which they are granted.

We therefore submit for your consideration a vote on a resolution with regard to granting your Board all powers with effect to setting, within the legal and regulatory limits and the limits set out above, the conditions according to which stock options would be granted, the exercise conditions for the options, and the possible exercise periods for the options; certifying the completion of the capital increases resulting from the exercise of options; and proceeding with corresponding modifications to the bylaws.

The fifteenth resolution submitted for your consideration would allow your Board to proceed, should it be deemed appropriate, with the bonus issue of ordinary company shares, either existing or to be issued, to the benefit of salaried employees and/or legal representative Directors of the company and/or of related companies, or to some of these individuals, in order to better integrate them into the company's future and increase their loyalty.

The percentage of the company's capital which may be available for bonus issue by virtue of this authorization may not exceed 2% on the date of the Board of Directors' decision to grant the shares.

This authorization, which your Board of Directors would be able to use one or more times, would be granted for a period of thirty-eight (38) months from the date of this meeting and would entail, to the benefit of the parties receiving the bonus shares, the express renunciation of shareholders of their preferential subscription right.

The granting of shares to beneficiaries would be definitive at the end of an acquisition period, the minimum duration of which would be set by your Board and which could not be less than two (2) years; with the stipulation that in the event of the invalidity of the beneficiary, the Board of Directors would be authorized to stipulate the definitive granting of shares before the end of the acquisition period, and that for these invalid beneficiaries, the shares would be freely transferable.

The minimum period of the obligation for holding on to shares by beneficiaries, starting from the definitive granting of shares, would be set by your Board, and may not be less than two (2) years; with the stipulation that in the event whereby your Board were to set for the acquisition period a duration at least equal to four (4) years, your Board would be able to reduce or remove the duration for holding on to shares.

The bonus shares that would be granted could be existing shares bought back previously for this purpose by the company within the context of a share buyback program, and/or new shares that would be issued within the context of capital increases to be carried out by way of incorporation of reserves, net profits or premiums. To this effect, we ask you to grant a delegation of authority to your Board of Directors in order to decide upon these types of capital increases, up to the limit of an overall ceiling of 2% of the company's capital. This capital increase ceiling would be calculated on the ceiling relating to the percentage of the company's capital which may be issued free of charge by virtue of this authorization. This authorization would entail the express renunciation of shareholders of their preferential subscription right to the new shares to be issued as the capital increases via incorporation of reserves, net profits or issue premiums to be decided upon by your Board by virtue of this authorization are carried out, subject to the definitive granting of bonus shares to beneficiaries at the end of the acquisition period.

We therefore submit for your consideration a vote on a resolution with a view to granting your Board all powers, within legal and regulatory limits, as well as the limits set out above, to implement this authorization and, in particular, to set the conditions according to which bonus shares would be granted; set the allotment dates, the acquisition period, and the duration for holding on to shares; set the issue terms for the shares to be issued, if necessary; certify the capital increases following the definitive allotments and proceed with corresponding modifications to the bylaws.

The sixteenth resolution submitted for your consideration would allow your Board, should it be deemed appropriate, to decide upon capital increases, reserved for salaried employees of the company and of associated companies, within the context of a corporate or group savings plan.

This delegation would entail, to the benefit of members of a savings plan, the express renunciation of shareholders of their preferential subscription right to equity securities or marketable securities granting access to the company's capital which may be issued, and would be granted to your Board of Directors for a duration of twenty-six (26) months from the date of this meeting.

Translation for convenience only. The French version of this document prevails.

The total nominal amount of capital increases which may be carried out by virtue of this delegation may not exceed 2% of the amount of the company's capital on the date of the Board of Directors' decision.

The subscription price would be determined by your Board pursuant to the terms of Articles L.3332-18 through L.3332-24 of the Labor Code. It may neither be more than the average of the trading prices on the twenty (20) trading days preceding the date of the decision by your Board setting the subscription's opening date, nor more than 20% less than this average, or 30% whereby the duration of unavailability stipulated by the plan pursuant to Articles L. 3332-25 and L.3332-26 is greater than or equal to ten (10) years.

This resolution would grant all powers to your Board in order to proceed, one or more times, with capital increases reserved for members of a corporate or group savings plan, set the conditions and terms, determine the allotment conditions, certify the capital increases and proceed with corresponding modifications to the bylaws.

By the seventeenth resolution, we propose, pursuant to Article L.225-129-2 of the Commercial Code, to set the overall ceiling for the issues which may be decided upon by your Board of Directors by virtue of the delegations of authority or of powers or the authorizations which would be granted to your Board of Directors at the end of this general meeting.

With respect to the maximum nominal amount of capital increases which may be carried out immediately or in the future by virtue of the eighth, ninth, tenth, eleventh, twelfth, thirteenth, fourteenth, fifteenth and sixteenth resolutions, this overall ceiling would be eight (8) million euros; with the stipulation that this ceiling does not take into account the nominal amount of equity securities to possibly be issued in order to protect the holders of rights attached to the securities and marketable securities granting access to the company's capital.

With respect to the maximum total nominal amount of debt securities granting access to equity securities of the company which may be issued by virtue of the eighth, ninth and tenth resolutions of this meeting, the overall ceiling would be set at fifteen (15) million euros.

By the eighteenth resolution, we ask you to modify article 14 of the bylaws in order to bring this article into conformity with the terms of decree 2014-1466 of December 8, 2014, which has modified the date and the criteria for drawing up the list of individuals authorized to take part in a general meeting.

By the nineteenth resolution, we ask that you grant powers to any person bearing an original, copy or extract of this meeting's minutes with a view to fulfilling all formalities relating to the adoption or non-adoption of the resolutions within the extraordinary general meeting's remit.

We hope that the proposals outlined above will meet with your agreement.

Rennes, March 25, 2015

The Board of Directors.
